Article Information

Collection Texas is made on small, but most beautiful European cow hides. A typical classic leather with an elegant wish effect creates a beautiful 2-tone. The special glossy finish creates an elegant collection that can be used for a wide range of purposes. The injuries sustained in nature, usually recovered such as scars, are part of the collection. These characteristics must be visibly processed. Collection Texas is extremely suitable for classic upholstery and projects. The 5 typical colours are available from stock, from half a hide.
